Thanks for taking such good care of Copper. He's a scared rescue boy so I was a little worried. But he is doing great and I can tell that he was well cared for. Thanks also for the communication while he was there. Hope to not have to board him again, but if I do, he will be back at Country Oaks.

I was a new customer and was received most warmly by the whole staff. I have two cats, and the youngest cat was so upset she had an accident in her carrier on the way to the office. They immediately took her ( before our scheduled appointment time) and cleaned her up and cleanout her carrier before returning her to me. I so appreciate their attention to this situation. The doctor listened to our concerned and was most professional. Over All I was very pleased with our visit. Thank you Country Oaks!

Rosie had a great experience with Country Oaks Animal Hospital & Kennel during her extended visit. Her routine immunizations and blood work-up went smoothly as well as her scheduled tooth cleaning and exam and nail clipping. Country Oaks kept me informed on her progress in my absence, this was most comforting for me. Upon my return after 7 days and nights was a most enjoyable reunion and the Country Oaks staff was right there to give me feedback on her stay and answer any questions I had.

The entire staff at Country Oaks went above and beyond to accommodate my last minute booking of 4 dogs after being evacuated out of the Virgin Islands due to hurrucane Irma. My dogs spent 7 days of hardly eating, being shuffled around, getting seperared from me and then travel. They were a mess when they checked in to Country Oaks. When I picked them up, they were fabulous. The staff gave them so much love and attention. They attended to all their medical issues and called me to assure me everyone was OK. Im so happy wo chose Country Oaks. My dogs are back to their regular selves thanks to them.

I like Dr. Baird very much. She is competent and direct and she is good with my dogs. She gets down on their level. All vet techs are friendly and kind to the dogs. One of my dogs, who is not at all good with strangers has one tech she likes a lot. Whenever this dog had an apt. with the vet they make sure she has the right tech. I didn't have to ask for this. The staff took it upon themselves to work this out.

I have been coming back to your hospital with my dog Pumpkin for 3-4 years. The way I have always payed my bill is from my Mom's Visa card, and the numbers are written on a pice of paper. The other day I came in with Pumpkin for a check up and flee and tick medicine. Your gal that runs the front was very rude and would not accept my form of payment. Good luck to you, you will never see me or Pumpkin again!!!!!! Too bad! I think your DR is AAA!!! And by the way, no no EVER CALLED ME ABOUT PUMPKINS BLOOD WORK!!!!

I am new to the COA Hospital & Kennel family. I have 3 kittens and I needed a vet that I could feel completely comfortable with for me and the "kids". From the first visit consisting of exam and vaccinations where the techs had to come in twice to pry Dr. Baird away from our first long meeting (in the most professional of ways of course) to the last visit(s) for the spaying and neutering, I know I have found a 2nd home with Country Oaks Animal Hospital. Libby and Dr. Baird have been exceptional, helpful, friendly, compassionate, caring and kind. I have bragged about the Country Oaks team to everyone I have encountered; to all that would let me. I was recommended by a good friend to try Country Oaks and I am so very glad that I did. Thanks again, Country Oaks ! Darrell

I had never boarded my two small dogs before (5 lbs and 10 lbs). With one being almost 2 years old and the other 4 years old who I rescued at the beginning of this year, I was skeptical of boarding them while going out of state to visit family. I did a lot of research in Palm Harbor/Clearwater/Tampa trying to find a good place to leave my dogs for 5 days. After looking around and reading a ton of reviews Country Oaks was the winner. They let both my dogs board together, and they absolutely loved the back yard and running around and playing. They supplied kennel food and blankets and let me bring in a few items from home. I called after the first night and they assured me my dogs were loving running around the back yard and playing and were eating normal and happy. When I picked them up they were so happy and healthy looking, like they weren't distressed that I had left them. I know next time I go out of town that both my dogs are in good hands at Country Oaks. :)

I have never boarded my almost 2 year old shih tzu/bichon pup before and had rescued an abandoned abused dog in February this year. I was going home to visit family out of state and had to do something with my dogs. I called all around Palm Harbor/Tampa/Clearwater and Country Oaks was not only the best price for both dogs but the best individual care offered along with amazing reviews. I went and took a kennel tour and saw how much space my two little dogs would have. They let me board my dogs together. I called after the first day and they let me know the dogs loved running around in the fenced back yard and having their one on one time. They were eating normal and happy pups. I picked them up yesterday and they looked so healthy and happy. I know when I leave out of state again my dogs are in good hands at Country Oaks. :)

Visited Country Oaks yesterday with my 11 year old cat, Pepper to update all of his vaccines and treat a skin irritation. The last time I had been there was the day we had to put down our other kitty and it made me sad to be in the same room. But the vet tech, Sara, offered to move me! Not necessary, but nice of her to offer. And Suzanne remembered my Missy and how we lost her that day. So nice after 3 years for her to remember. The clinic is very well run and provides great care and treatment. Dr. Baird truly loves all animals, even my Pepper cat when he reaches his tolerance point and gets a bit nasty :) She is gentle and kind and very understanding. Thank you to all the staff and I won't stay away so long again. Leslie Miskove

When we go out of town, we leave our 15-year-old cat with Country Oaks, and know he will be well-cared-for. He understands 'Kitty Kamp,' and although there's no place like home for him, he doesn't fuss and hide like he once did when he saw the suitcases come out. And he always comes home looking great -- well-groomed, calm, and happy. We're quite pleased with the care he gets, and will keep coming back.

We just had the BEST experience with Country Oaks Animal Hospital and Kennel! Dr. Baird and Libby, the technician were fully engaged, very patient with my historical background information, and gave excellent advice and provided excellent service. I highly recommend that vet as their opinion about pain (there shouldn't be any) matches exactly with ours.

The staff is very responsive to calls, emails, postings etc. My dogs were very happy and comfortable there, and they felt secure and were well taken care of. Facilities clean and secure. It was our first time boarding, and it went very well...I was not sure how the dogs would respond to being boarded but Country Oaks made it a very positive experience for them and for me! thanks so much.

We brought our dog in for a quality of life check-up. We thought it would be her time to cross the Rainbow Bridge, but we were given hope for more time with our Ems. Blood work done, new meds, and we left hopeful. We appreciate Dr. Baird and her tech's professionalism, as well as their caring for our, and Ems's, emotional well-being.

I'm comfortable leaving my pet and I feel she is well cared for, but I am unhappy that ,once again, a mistake was made with my bill. When i picked her up after 5 nights of boarding and an annual check up, I was told my bill was over \$400.00. I immediately stated that it seemed very high and the response was "well, she was here for 5 nights". I realize it is my responsibility to check the charges (which I did), but common sense would tell you the cost was too high. By checking the bill, I found that I was charged twice for the boarding which was \$125.00 extra. I understand we all make

mistakes, and if this was the first time this has happened with this business, I would not waste my time writing this. I will continue to carefully check my bill whenever I do business with you, but hopefully something can be done to be more careful with the billing on your part.

After our last dog unexpectedly passed away at a kennel, (natural causes) I was apprehensive to find a place to board our new rescue dog. Country Oaks Animal Hospital not only made me feel at ease but gave our three boys a tour of the facilities to ensure that they were comfortable with it, also. In addition, we found a wonderful Veterinarian there and a great outdoor space for our dog to run and play with a kind and caring staff! Thank you, Country Oaks!!!

Dr. Baird and staff are the best! Even though there was a bit of an unusual wait to see her at our last visit, I knew that it was due to her being 'present' with another pet owner who truly needed her time. She treats her "patients" with so much respect and compassion, it's not just her job - it is her heart. I couldn't ask for a better care-giver for our pet-kids. Thank you, all of you!

We boarded our rabbit there. Friendly professional staff,, clean facility. My only complaint is that I feel that the service was a bit over-priced and the total bill ended up being more than what I expected it to be - however, in the end it was mostly worth it for the great service. The staff were very helpful with helping me carry supplies from and to my car and most importantly they took excellent care of our pet.

The staff is very nice and the wait was short. Dr. Baird is easy to talk to and you can tell she has a love for animals. She is respectful of my viewpoints on pet ownership even when it is different from hers and doesn't try to talk me into procedures that aren't necessary. I love the informative newsletters they send each month. It's a small office so they are more like family and I like that. I would definitely recommend them to anyone looking for a good vet.

It was not an easy chore to find a good place to leave Hollywood, my dog, my pal, while I went on vacation for 10 days. I was concerned that my dog would suffer anxiety and stress during his stay being in a strange place with strangers. My concerns were washed away when I picked him up. He was totally unscathed by his experience. He was a happy dog and I was a happy mommy. Thank you to the staff at Country Oaks. You are all awesome. Hollywood and I will be back soon.

I wish I was provided with a report card while my dog is boarded. I would like to know things like if he ate or not, how much time he spent outside...I don't know if kennels even note these things but it would be interesting to know. My dog normally seems to be just fine after he is boarded here. I appreciate the kindness of the staff.

It is a little difficult for me to give a rating because my neighbor dropped my little dog. Cappy off and picked her up for me. I know she seemed satisfied with her experience. However, I am a little disappointed in one thing. When Cappy was picked up my friend noted that she had no voice and was wheezing. She was told this often happens. I called the next day and was told no one noticed anything different with her. I took her to my vet and was told she had a cold. I do not blame Country Oaks for her cold but I am disappointed no one mentioned it or caught the fact she was ill. I was happy that she was staying where there was a vet in case she did become ill. She is almost nine years old and I had never boarded her before. It was a difficult decision for me and one I didn't make lightly. I am not sure what I would do next time. I did check out a number of places and choose yours because I liked the amount of personel attention they receive. I'd like to think mine was an isolated situation and not the norm so I am willing to give you the benefit of the doubt. You may not want to publish my review and that is fine.

It was expensive. AND the \$500 plus fee for this annual dog exam plus 6 months of Trifexis (and Revolution for the cat) did not even include a nail trim for our dog with black nails! This was included with the exam at my last vet that I took for granted. When she came home with my husband and was still tap dancing those nails across the floor, I was really surprised and not pleased. My husband having seen the bill already and knowing it would be extra for the nail trim did not request one.

For this visit I was just dropping off a stool sample and picking up some flea treatment. Rachel at the front desk was very friendly and efficient and had me taken care of in no time.

Country Oaks has the best care. The staff is always very courteous and professional and everyone from the doctor to the staff know you and your pets by name your not just a number. I would never go anywhere else and will always promote Country Oaks. Joe P. Palm Harbor

Fantastic service fantastic staff. From the moment we walked in the door it was as if Brutus was their only patient and yet they are always busy. Their care does not stop when you leave. The staff place follow up phone calls to see how things are going for you and your turgid. Dr. Baird even does follow up research to find the best treatments available. I will, without a doubt, be recommending country's to everyone.

EXCELLENT! The staff and Dr. Baird are amazing and are always there for me and my 4 dogs... Thank you! Dr. Baird knows my dogs and always takes the time to take care of them. I have had many emergencies with having 4 dogs and Country Oaks Animal Hospital has never let me down in a time of need.
